25 Years of Expertise, Next-Generation Quality

At Taurus, we continue to be the leading brand in quality and reliability in the PVC profile sector by combining 25 years of industry experience with modern manufacturing excellence.

Our state-of-the-art 30,000 m² facility located in Adana is equipped with German-technology production lines. Using exclusively premium-grade raw materials, we manufacture durable, long-lasting products that meet not only today's demands but also tomorrow's needs.

Platinum Series 70 mm

Profile Width (mm)	70
Number of Chambers	5
Glazing Thickness (mm)	4-20-24-30-33-40

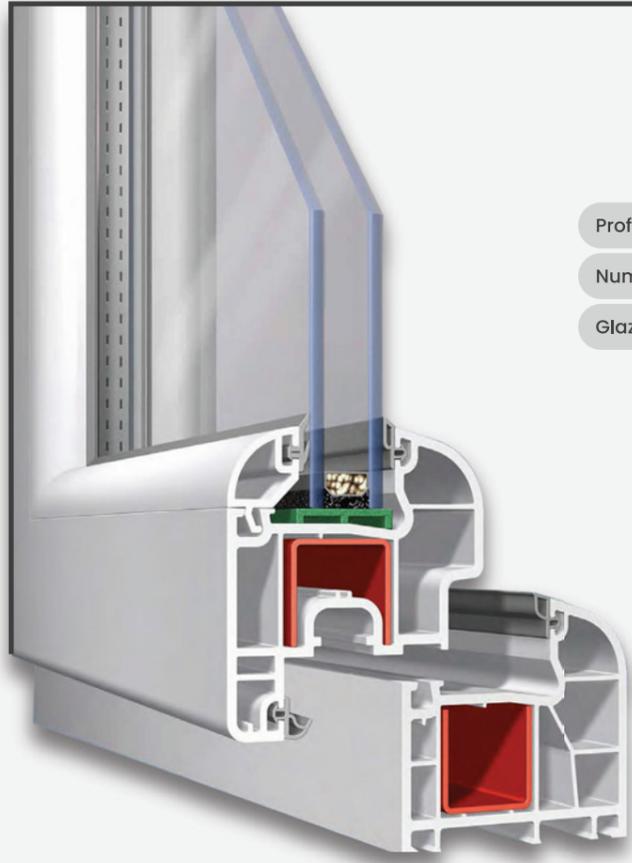

- With its 70x70 mm profile width and 5-chamber structure, it delivers insulation performance that exceeds expectations.
- Offering a wide range of glazing thickness options from 4 mm to 40 mm, it provides flexible solutions for diverse project requirements.
- A comprehensive choice for those seeking high performance and durability.
